**SELECTED WORKS**

**ARCHITECTURE · INTERIORS · EXPERIENCES**

# SPACES WITH STORIES OF THEIR OWN.

We believe every space has a story waiting to be told. At Archipixels, design begins with curiosity. A curiosity about people, places, cultures and the little things that often go unnoticed.

Spaces that are layered, expressive, sometimes unexpected, but always thoughtful in their details.

We create artful, expressive spaces, each with its own identity. Every project begins with a different story, and we never repeat a design.

We don’t believe every space should look a certain way. We believe it should feel a certain way and make you feel something, too.

---

Archipixels — Design that works.

# TWO MINDS.
# A THOUSAND IDEAS.

We're **Shivika** and **Abhinav**, partners in life, work and a shared curiosity for everything around us. Our love for design, travel, art and the unexpected has shaped the journey of Archipixels. We find inspiration in the places we visit, the people we meet and the smallest details that often go unnoticed.

**W**e started Archipixels in 2018. Since then, that curiosity has grown into bold spaces and unexpected ideas. Our journey began in Dubai, where we gained international experience before founding Archipixels in India.

Now, we’re ready to take that energy worldwide. We’re looking for collaborators who share our curiosity and clients with extraordinary ambitions.

**Have something wild in mind? Let’s make it happen together.**

# OUR TEAM

At Archipixels, we believe that when people are valued, supported and given love, they create their best work. We are more than a team; we are the Archipixels family, growing together, celebrating every milestone and standing by one another through every challenge.

**Because the best ideas rarely happen in isolation.**

# OUR STUDIO

Our studio is an expression of who we are: artful, maximalist and **unafraid to experiment**. It reflects the freedom we find in design, the joy of creating beyond convention and our belief that thoughtful maximalism can be as welcoming as it is memorable.
